**PRESS RELEASE**

**Brody House Group announces new members' club affiliations in Auckland and Madrid.**

Brody House club members now have two more international travel destinations to check out following the Group's recent affiliations with two new independent members' clubs in Auckland ([Seafarers Club](#)) and in Madrid ([Club Matador](#)) to a list that includes London, New York, Toronto, Athens, Sao Paulo, Buenos Aires, Hong Kong and Shanghai.

A private members' club for creative Auckland, the [Seafarers Club](#) offers private lounge, rooftop bar, screening rooms, special events and private parties with fabulous views across the Waitemata Harbour. Multiple Michelin-starred chef Josh Emett is responsible for feeding Seafarers' members from early morning until, well, early morning.

A creative hub inspired and promoted by the cult magazine [Matador](#). [Club Matador](#) is set in the heart of Madrid's Salamanca district and facilities include bar, restaurant, wine cellar, meeting-rooms, a private screening-room and event rooms. Members enjoy a weekly film programme, fine dining courtesy of visiting celebrity chefs and may dip into the club's expansive library.

Starting with [Brody House](#) (award-winning boutique hotel and members' club) in 2009, The [Brody House Group](#) promotes and contributes to Budapest's vibrant creative scene. Club members enjoy social and cultural happenings throughout Brody-branded venues in Budapest that include [Brody Studios](#) (private arts club with working ateliers, recording studios and private screening room) and [Brody ArtYard](#) (print studio and art gallery).
